Key West Magician Exposes Birthday Party Magic Show Booking Tips for Parents

Key West, Florida Magician Exposes Birthday Party Magic Show Booking Tips for Parents. Here are: "The 8 Biggest Mistakes To Avoid When Hiring A Key West, Florida Magician!"

Before you make a decision about hiring a Key West Magician, ask the entertainer you are considering the following 8-questions. Trust me; it will save you a LOT of headaches and hassles later.

Ask them...

1. Are you back-ground checked? The truth is, 97%+ of Key West Magicians and entertainers are NOT back-ground checked. If you are going to let someone you have never met into your home/party/event venue, etc. make sure they are legitimate.
2. Do you have references? Many Key West Magicians are good but some are not. You really do not want to "chance" your party/event to someone who is not going to come through for you. This extra "reassurance" will make your life a lot more relaxing the day of the party/event.
3. Are you a full-time Magician? Many birthday party magicians are part-time and their skills are just not refined for every audience. I am not saying part-time magicians are not qualified, but be sure to ask the other questions here before hiring them; as they usually do not have the same experience.
4. How do I know you will show up for the party/event? The truth is, many entertainers have a bad reputation for showing-up late, or worse yet, not even showing up! Make sure the magician sends you a confirmation agreement via letter/email and requests a deposit so you know they really will show!
5. What age range is best for the show you provide? In order to have the best show and party ever, you must ask the magical entertainer "What age range is best for the show you provide?" Every Key West Magician is unique and some have various shows for various age ranges. Only a few can engage children *and* adult audiences - - this is a vital question to ask!!!
6. Once the show is over, do you leave right away to do another party? Make sure the person you hire is actually going to stay after the show and at least do a "meet and greet" for your guests. Choose someone who is actually going to be friendly to your guests and answer those questions after the show like, "How did you get into magic", "How did you do that!" (alright, well maybe they can not answer THAT one!)

7. Do you guarantee your magic show? 99%+ of Key West Magicians do not guarantee their services. If you do not like it, they say oh well and hope you will not tell anyone. Make sure they have a money-back guarantee so if you are not happy, you do not pay.

8. Are you FULLY-INSURED? Many magicians are good however if you book someone who does not take what they do serious enough to not invest in performers insurance you should really take caution.

I hope this helps in your search for the best entertainer to make *your* Key West, FL party/event the one they will talk about this year!
